Frequently Asked Questions

What electives can I choose from?

Any of the electives listed in the Freshman Academy

How do I get into a weight training class?

Coach recommendation needed. Coach will provide roster to counselor.

What are the HOPE scholarship requirements?

A student must have a 3.0 GPA and have taken 4 rigor courses

How many courses will I take each year?

We are on a block schedule. Each student will take 4 academic courses and 4 elective courses each year, if the student is not in a yearlong math.

**** If you have any additional questions, please ask your 8th grade counselor first. If you need to contact one of the 9th grade counselors, please email Mandy Scott or Scarlett Lacey at mscott@camden.k12.ga.us or slacey@camden.k12.ga.us**

Pre-Requisites

Please look to see if the selected electives have pre-requisite courses before submitting your registration sheet.

****Some electives are not available for Freshman students.**

Career Academies

Business Administration

Engineering & Industrial Technology

Fine Arts

Government & Public Service

Health & Environmental Science

****9th grade students are a part of the Freshman Academy. They will choose their Career Academy at the end of their 9th grade year.**

Yearlong Mathematics

If yearlong mathematics is selected on your registration sheet, this was by recommendation of the 8th grade math teacher. Yearlong Mathematics is for any student who could benefit from an extended course in math. If this course is selected, please note that the student will have 3 instead of 4 electives for their Freshman year.

AP and Dual Enrollment

Dual Enrollment Courses are not available to Freshman students unless they would like to pay for them out of pocket. ****Must meet requirements before approved**

Freshman students are eligible to take AP courses. ****Please note, AP courses are very rigorous.**
